

PLANNING A PREMIUM ALUMINUM FENCING SYSTEM

Peak AQUATINE™ PLUS Aluminum Fencing is a versatile component-based system that is simple to assemble and customize.

• **Maximum post spacing:**

- 6' 2 5/8" on center for a picket fence system.
- 3' 10 5/8" on center for a glass panel fence system.

• **For pool fences:**

- The opening between pickets, or a picket and a post must not exceed 3 15/16".
- The opening between a glass panel and a post must not exceed 1 1/2".
- Follow local codes for minimum fence height and other specified requirements.

• **Always understand and comply with your local building codes.**

**Angle Bracket Kit
(for Glass Panels)**
Makes it easy to connect
glass panels at an angle.

**Angle Bracket Kit
(for Picket Panels)**
Makes it easy to connect
picket panels at an angle.

1 Use the grid below to plan your project.

1 square = _____

2 Determine the components needed to complete your project.

	Description	Width	Qty.
Posts	Soft Surface Post		
	Hard Surface Post		
Fence Panels	Rail & Picket Kit (includes brackets)	6"	
	Rail Kit for Glass Panels (includes brackets)	44"	
	Tempered Glass Panel	42"	
Gates	Pool Gate (includes Safety Latch & Self-Closing Hinges)	3'	
	Yard Gate* (includes Latch & Hinges)	3'	
Brackets	Bracket Kit (for Picket Panels)		
	Angle Bracket Kit (for Picket Panels)		
	Angle Bracket Kit (for Glass Panels)		
LED Lighting	1. LED Starter Kit		
	2. LED Extension Strip		

*Do not use for pool or spa applications.
